who are familiar with the topograohy of the Emigrant Creek divide, that state most positively that the route is feasible. The article in a recent issue of The Times-Herald egarding this matter brought out general discussion among the peoole and disclosed some additional and favorable features to this route. The business men of Burns should take an interest in this matter and take pains to secure as much information as possible. It now looks nost favorable considering the fact that the line now being investigated ! is not proving satisfactory.
